# Welcome!

Please keep this page for your records.

Please read the following information to assist in preparing for your first visit:

- **FORMS**

- Please print forms as **single sided** only. **Bring completed forms with you** to the appointment. (Please do not submit them in advance unless otherwise instructed by me.)
- Please fill in every blank on each form. If the forms are not 100% complete, I will use part of your appointment time to complete them for you, and I will have more time to address your problem.
- If you have had ANY treatment for your **skin** condition, bring a list of EVERY medication and product you have **EVER** used, **and** the **dates** used. Include all over-the-counter products. Please call your pharmacy if you cannot remember all your prescriptions. If you are using one of the questionnaires, please use it to document the details of your treatments.

- **FEES:** I do not contract with any insurance companies. Please **pay in full at the time of your visit**. (Cash or check welcome. **No debit, no credit**). I will give you a copy of the receipt (including insurance codes) for you to send to the insurance. You may or may not be reimbursed by the insurance. If you want more info on reimbursement rates, check with your plan for your "out-of-network" benefits. (Note: Medicare patients may not submit a claim directly to Medicare and Medicare will NOT REIMBURESE for my services.) There may be a \$50 late-cancellation (48hrs) or no-show fee.
- **I RESPECT YOUR TIME.** Please plan on being in my office for AT LEAST ONE HOUR after your appointment time for EACH visit. (This may not be the actual amount of face-to-face time with me.) If there are any procedures, the visit time may be longer.
- **Identify ONE MAIN ISSUE PER VISIT.** If I can thoroughly address this problem in the time allowed, I will consider addressing additional concerns. Please list all your concerns on the form attached, so that I may more efficiently plan my time with you.

Thank you for choosing me for your care.

For this exam you will **remove all your clothing** (undergarments may remain on) and put on a privacy gown and/or drape. The exam takes less than 5 minutes, and the doctor will scan the skin looking for any suspicious areas. She will then discuss these areas with you and make recommendations for treatment if necessary.
